## Moody Story Premiere On October 31st

One of the finest inspirational films of our present generation is scheduled for a World Premiere on Monday evening, October 31st at the Chapel by the Lake in West Palm Beach. The title, appropriately enough, is "Riding the Pulpit."

It is the life story, full of adventure, and beauty, and jam-packed with action, of Dr. Jess Moody, who today serves as the pastor of the First Baptist Church in West Palm Beach. The film is in color and runs for ninety minutes, a full length feature motion picture. It starts on Monday evening, October 31st and continues each evening through Saturday.

Dr. Moody, as a boy, faced and encountered adventure almost beyond the imagination of today's teenagers. He was literally caught in the jaws of death as a result of an attack by a madman. Ingenuity, courage and faith saved him. However, it wasn't long afterward that Dr. Moody received the "call" that brought him into the ministry.

"Riding the Pulpit" is the true story of the life of Jess Moody. His presistence, courage, sense of humor, dedication, and a deep love of God, have taken him from the trail in Muleshoe, Texas to the pastorate of the First Baptist Church in West Palm Beach. These elements are reflected very vividly in "Riding the Pulpit" . . . the scenes and story are tinged with excitement, humor and the kind of adventure that increases confidence in the lives of our religious leaders. They also provide a delightful challenge to young and old alike to live a positive, God-controlled life.

The film was photographed in color in West Palm Beach, the home of Dr. Moody. His life story provides the incidents around which the film is made. "Riding the Pulpit" picks up the Moody story at 4:00 a.m. in a small Texas town as Jess was beginning delivery of the morning paper. It traces his life through college and seminary to the pastorate of the West Palm Beach congregation.

Viewers will weep over a confrontation with a jilted soldier who has just returned from service overseas. Jess' solution to the problem of the town inebriate not only provides humor but could well be a model action for those who must deal with inebriates the world over. Action photography aboard "Sailbad the Shiner", Dr. Moody's 40 year old sailboat in Lake Worth, highlights prayer and faith when he and his son, Pat, were caught in high seas and turbulent waters during a terrible storm. Almost swept to sea, but clinging for dear life, praying for a safe harbor, and being granted happy and peaceful return to port, the Moodys are shown in unforgettable sequences each spelling out a lesson through story and camera.

## Labor From Offshore Will Be Plentiful

CLEWISTON, The U. S. Department of Labor has announced that Florida's sugar cane industry will get every off-shore worker it has asked for.

"We are grateful to the Department of Labor accepting our request," said Fred Sikes, director of personnel for the huge U. S. Sugar Corporation of Clewiston.

Sikes said that Florida Sugar Producers Association, of which U. S. Sugar is the biggest member, had told the Labor Department it had made every effort to attract domestic field hands but wound up 5,945 short. The association asked for that many field hands from the West Indies and got them.

The Florida Fruit and Vegetable Association asked for 3,439 sugar workers and its request was met. The workers, about the same number Florida has imported for years, will start coming in the next two weeks.

Spokesmen for the citrus and vegetable industry said, however, they expect a severe labor shortage this winter because of the Labor Department's crackdown last winter.

The Labor Department ordered all foreign workers out of the state. Fruit and vegetable grow-

## Heart Film Available For Glades

The Palm Beach County Heart Association is offering free showings of a new film on how you can improve your chances of avoiding heart attack.

The color film, "Better Odds for a Longer Life", is available now to civic and service organizations, according to Mrs. Guy Wood, Glades Representative for the local Heart chapter.

"For the man of 35 today, the odds are about one in eight that he will die of heart disease before his 65th year," comments Dr. Donald E. Warren, Chairman of the Research Committee of the Palm Beach County Heart Association. "If a person will take the steps to control the factors known to raise the risk of heart attack, he may increase his odds for a longer life."

The 20-minute cartoon talks about some of these factors: proper diet, not smoking, regular exercise, trimming overweight, and controlling high blood pressure.

Narration traces man's discoveries about how his heart works and how new medical knowledge has helped bring many forms of heart disease under control.

"The picture has appeal for all types of audiences, including high school students, clubs and other lay groups, and members of the health professions," Mrs. Wood says.

People interested in this film or other Heart films may call Mrs. Wood, 996-3637 in Belle Glade.

Mrs. Peggy Marlene Smith and Edward Neal Fountain exchanged wedding vows in a candlelight ceremony on Saturday, October 8, at 4:00 p. m. at the First Baptist Church of Belle Glade. Rev. C. H. Elland, pastor of the church, officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Floyd Smith, 600 N. W. Avenue G Place, Belle Glade.

The bridegroom is the son of Mr. and Mrs. Myers Fountain of Pahokee. Mr. Fountain graduated from Pahokee High School and is presently employed as parts manager for Sam Senter Farms, Belle

Glade.

The vows were exchanged before an altar decorated with white gladiolas, mums, carnations and fern baskets.

Mrs. John Youngblood of Belle Glade, organist, played the traditional wedding music. Mrs. Hugh Branch of Pahokee, soloist, sang "I Love You Truly," "Whither Thou Goest?" and the "Wedding Prayer."

Given in marriage by her father, the bride wore a floor-length gown of white satin peau de soie with a panel front, lace-tiered sides and back, point-to-wrist sleeves. Her elbow veil, of French illusion, was

attached to a flat petal headpiece designed of seed pearls and sequins. She carried a bouquet of carnations.

Mrs. Maria Busbee, South Bay, was matron of honor. She wore a sheath of white lace over blue with a matching pillbox type headpiece. Miss Pam Busbee was bridesmaid. Her dress was identical to that of the honor attendant. The attendants each carried three long-stem carnations.

John Busbee of South Bay was best man. Ushers were Calvin Watson of Belle Glade and Donald Tanner of South Bay.

Mrs. Smith wore for her daughter's wedding a two-piece pink suit of silk with white accessories and a white carnation corsage. The groom's mother, Mrs. Fountain, wore a beige two piece suit with matching accessories and a white carnation corsage.

The reception was held in the church social hall. Miss Charlotte Hilver, Miss Maxine Towell and Miss Frances Collins assisted in serving. Mrs. Donald Tanner kept the bride's book.

The three-tiered wedding cake was decorated with white roses and topped with the traditional miniature replicas of the bride and groom. The tables were covered with white cloth and were centered with arrangements of carnations.

For her honeymoon trip, Mrs. Fountain chose a burgundy and pink suit with black accessories and a white carnation corsage. Following their trip touring Florida, the couple will reside in Belle Glade at Gladview Trailer Court.

# Now— U.S. Savings Bonds Pay More Interest

**4.15% when held to maturity**

*Higher interest on the  
Bonds you already own, too!*

**U.S. Savings Bonds are a better way to save than ever**

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E — 9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive

new rate.

Ask about buying Bonds where you work or bank. For America's future. And yours.

**"Today, none of us can remain aloof on the sidelines."**

"Today, above all, is a time for all Americans to rededicate themselves to the spark that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front lines of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."

## Consumer Education Week Nov. 14-18

The week of November 14-18 will be devoted to special programs by Extension Home Economics Agents throughout the state and nation to call to public attention educational services that Extension provides the consumer.

In announcing Consumer Education Week in Palm Beach County, Miss Mary Todd, Extension Home Economics Agent, said, "In planning a consumer education program, we have one goal in mind—to help families get the greatest possible satisfaction from resources available."

This is a part of National Consumer Education Week, designed to emphasize the many services home economics provides for homemakers.

Consumer expenditures total more than 350 billion dollars annually.

There are many competent, experienced consumers, but there are others who are just beginning to cope with the consumer decisions that have to be made daily. For example, half of the first-time brides are teenagers faced with the selection of furnishings for their new homes. There are youth with money to spend and with little experience on which to base decisions.

Extension Home Economic Agents teach how to get the most from the food dollars, how to have good nutrition, how to get lasting satisfaction from the clothing dollar, how to compare quality with price and how to care for clothes.

They help consumers to know safety factors: storage of household supplies, safe handling of pesticides and proper use of electrical equipment.

They offer unbiased information to help families with personal money matters.

"Calling All Consumers, Your County Extension Office—Your Consumer Education Center" is the theme for Palm Beach County's Consumer Education Week.

Miss Todd says that the public is invited to open house at the Agricultural Center, 331 North Military Trail, West Palm Beach, from 10:00 a. m. to 4:00 p. m. Monday, November 14. She, Mr. Bob Pryor, County Agent, one or more Economics Agents, Mrs. Marylou two Assistant Extension Home Assistant County Agents, and the Shirar and Miss Karen Perkins, Extension Homemakers and 4-H Leaders will be there to greet you. Free consumer information leaflets will be given on request.

## Wanna Know How To Cook That Turkey?

Does thinking about Thanksgiving meal preparation make you shudder? Miss Mary Todd, Extension Home Economics Agent, suggests you take advantage of your freezer and have an enjoyable, relaxed holiday.

You can freeze well-flavored homemade soup stock long before you need it as a Thanksgiving dinner first course. All soups freeze well with the exception of those containing diced potatoes or macaroni which become soggy during storage. To prevent this, omit them from the recipe and add them cooked just prior to serving.

For safety, never freeze a home-stuffed turkey. The stuffing can be made ahead of time and frozen separately. When ready to use, heat the stuffing in a foil covered baking dish.

You can stuff and roast your turkey ahead of time. Then remove all of the stuffing from the cavity and freeze separately from the turkey. Reserve all of the drippings. Place in a freezer container and freeze after cooling.

The day before the big day, thaw the turkey in the refrigerator. Then on Thanksgiving Day put the turkey in a 325 degree oven and heat through. Baste frequently with thawed and heated drippings. You do not need to thaw the stuffing before placing it in the oven in a separate casserole with the turkey.

There are many festive vegetables you can prepare ahead of time, for example sweet potatoes with pineapple.

If you plan to include apple pie for dessert, it too can be conveniently frozen and reheated prior to serving. No one will know it wasn't baked that morning, says Miss Todd.

## How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
